Seventy Vietminh were handed over to Vietminh authorities this afternoon at the little village of Cau Gio, 30 miles northeast of Hanoi and just inside the edge of rebel-controlled territory.

Fatal Heart Attack
Hoffman, president of the fun-making Circus Saints and Sinners Club of New York, died June 4 of a heart attack, about two months after he was suspended by Meyer as the \$13,500-a-year director of the Division of Employment Security.

Meyner cut off all inquiries concerning the investigation with "no comment" until Monday when he told a news conference Hoffman's daughter, Mrs. Ada Leonard of Madison, reported to him her father embezzled \$300,000 of the South Amboy bank's funds.

After making public yesterday a 44-page preliminary report carrying charges against Hoffman and several of his assistants in the division, Meyer said he would not discuss the case until after a public hearing Aug. 16.

**TRUCKER FACES
FRAUD CHARGE**
HARRISBURG (P) — A Steelton coal trucker today faced a charge of allegedly defrauding the nearby borough by misrepresenting amounts of coal provided under contract.

Justice of the Peace Rudolph Zolgar issued a warrant yesterday charging Clarence Shelley with cheating by fraudulent pretense.

The charge was preferred by Carl B. Shelley, borough solicitor. He is not related to the trucker.

Councilman Bayard T. D. Reider said he discovered the alleged fraud when he checked a bill for \$285 which was to be presented to the council for payment of coal showed Clarence Shelley was March 6 to April 15.

An investigation, Reider claimed, showed CLARENCE Shelley was using weight slips discontinued in 1952 by the colliery where Shelley got his coal. He was released on \$1,000 bail pending a hearing Friday.

**ASKS PUC FOR
FARE INCREASE**
HARRISBURG (P) — The Philadelphia Suburban Transportation Co. Upper Darby, has asked Public Utility Commission authorization for an estimated \$368,000 a year fare increase.

Under the firm's proposal made yesterday, base cash trolley and bus fares would rise from 15 to 18 cents with three tokens for 50 cents. The boost would be effective July 16.

The firm, known as Red Arrow, furnishes high speed rail and bus service in the suburban Philadelphia areas of Delaware, Montgomery and Chester counties.

Under the new schedule, Red Arrow also would raise multiple-zone fares five cents on the Stratford and Norristown divisions where it plans to reduce the number of zones from four to three.

No change is contemplated in special 7½ cent school and children's tickets. The firm said, however, it plans to eliminate regular tickets sold for convenience at 30 for \$4.50.

The Schofields were married in 1923, and have four children. Mrs. Schofield is the daughter of the late Mr. and Mrs. Isaac Horton, of Warren. Three years ago Schofield's position for a legal separation on the grounds of indignities and desertion was dismissed in Philadelphia Common Pleas Court.

The divorce suit in Montgomery County Court was impounded and the grounds not made public.

JERSEY PROBE IS PLACED UNDER BAN ON SECRECY

TRENTON, N. J. (P)—Gov. Robert B. Meyner today put back a tight lid of secrecy on an investigation of the New Jersey Division of Employment Security and its late director, Harold G. Hoffman.

Meyner ordered state officials not to discuss any phase of the sensational case involving an alleged \$300,000 embezzlement by the former governor and charges of misconduct against him.

Meanwhile, state bank examiners supervised an audit of the accounts of the South Amboy Trust Co. of which Hoffman was a major stockholder and president.

Commissioner of Banking and Insurance Warren Gaffney said yesterday it "may take weeks" to determine whether \$300,000 in bank or state funds is missing.

News men sought at two conferences with Meyner and cabinet members yesterday to determine a connection between a \$300,000 deposit of state disability benefit funds at the bank by Hoffman in 1949 and \$300,000 his daughter reported he embezzled to finance his career as a congressman and governor two decades ago.

**PRESIDENT OF
SYNOD BEGINS
NINTH TERM**
CHAMBERSBURG, Pa. (P)—The Rev. Dr. Gaius S. Slosser, Pittsburg, today began his ninth consecutive term as president of the corporation of the Pennsylvania Synod of the Presbyterian Church of the U.S.A.

The Pittsburg clergyman was re-elected last night at a business meeting of the 73rd conference of the organization which began here Monday for a five-day run.

The corporation is that body of the synod that handles matters concerning real estate and other holdings of the group.

William S. Middleton, Harrisburg, was named secretary and John H. Warren, III, Oxford, treasurer.

An estimated 450 lay and ministerial delegates to the convention yesterday were told membership in 1,108 churches in the state increased 4,055 during 1953.

Tolbert D. Hewlett said membership last year passed the 400,000 mark.

In another report, it was noted that payments to the church building fund in Pennsylvania last year totaled \$1,052,534. A quota of 2½ millions had been set.

Bishop G. Bromly Oxnam of the Washington area of the Methodist Church will address the group tomorrow night.

**Pennsy Ordered
To Restore Rate**
HARRISBURG (P)—The Pennsylvania Railroad today is under orders from the Public Utility Commission to stop hauling U. S. government property at preferential rates.

The commission ruled yesterday that state law was violated when the PRR transported government freight between Middletown Air Depot, Dauphin County, and Columbia, Lancaster County, at "other than published rates."

The PUC said "there is no exemption of transportation of property" for state or federal governments or their agencies.

The railroad contended the PUC had no jurisdiction over rates charged for federal property transportation and said it could ship freight lawfully at rates "lower" or "different" from those in its tariffs filed with the commission.

Today's Talk

GLORY ENOUGH FOR ALL
In the Spanish-American war the American fleet wiped out the Spanish fleet. The admiral in command was Admiral Sampson, but he was miles away when the attack was made and the victory won, by Admiral Schley. Immediately people took sides as to who should be credited with the victory. At its height Admiral Schley exclaimed: "There is glory enough for all!"

I often think of this saying when witnessing a good game in sport. One horse loses by a nose. One baseball team loses by a single run. A football team by but a single field goal. It's that way all through life. I wish that all who deserved an "Oscar" could actually have it awarded to them! There is always glory enough to spread around.

Not always does the actual victor in a contest deserve the most credit. Take a "best seller" book, for example. Through its title or subject matter it may soar in sales for a few months and then die down and be soon forgotten. The great book, however, lives on in the end and far exceeding the sales of "best sellers" of the day. No one needs to worry about the upshot of a really good book. There is glory enough to reach them all. I have never understood why it is that so many authors, artists, musicians, or such allied groups, have among them so many who dislike to give honor and glory to their fellow craftsmen. Such groups can all be good, but not all world famous artists. What a silly and destroying thing jealousy can be made to be! It seems to me to be a privilege to live in a world with our betters all about us, to spur us on and to serve as teachers. We owe more to others than we like to think!

There is enough glory in the world to last forever. It never will run short. Therefore it should be an honor and a privilege to give praise and encouragement wherever and whenever the opportunity offers. We feel better and happier after we have uplifted another.

Tomorrow Mr. Adams will talk on the subject: "The Power of Choice."

Just Folks

HOSPITAL THOUGHT
While in the hospital was I,
Just gazing at the ceiling
With nothing to attract the eye
Instructive or revealing,
I thought, since I was forced to stare
Upon that area spotless,
If only there were pictures there
The pain might seem a lot less.

The while the nurses penned the chart
I thought about John Coppin—
A dedicated man of art—
And wished that he would drop in
With brush and paint and smock,
And he
Would climb upon a ladder
And on the ceiling sketch for me
Some scenes in blue and madder.

"Nice room," friends said who came to call,
"The view outside is pleasant."
But bare are ceiling and the wall
For patients convalescent.
And oft I think what John could do.

And all his artist fellows,
To beautify the ceiling view
With sepia and yellows.

EISENHOWER, CHURCHILL TO TALK ON ASIA

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Eisenhower-Churchill talks to open here late next week seem likely to result in positive steps to form a united front against Communist advances in Southeast Asia.

The decision of British Prime Minister Churchill and Foreign Secretary Eden to come here is regarded by U. S. officials as a decided break in favor of American efforts to get a Southeast Asia security pact as soon as possible. President Eisenhower and Secretary of State Dulles, officials said today, will urge the British leaders to agree to prompt consultation with about eight other nations having interests in the area.

New Low Reached
That may mean the calling of a Southeast Asia security conference. Whether it might lead also to eventual American intervention side by side with other nations in the Indochina war is not yet clear. While the informal talks announced yesterday have no formal list of problems for discussion, there is no doubt that if such a list existed Southeast Asia would be the No. 1 item.

That problem and the related difficulties which in recent months have brought English-American cooperation to a new low point are believed, in fact, to be the real reason why Churchill sent word several weeks ago that he would like to come to Washington. He and Eden are due June 25.

Second Item
The No. 2 item due to be explored will be the organization of European defenses in the light of the fact that the proposed European Defense Community is stalled, primarily by French reluctance to permit West Germany to rearm.

What other problems will arise in the meetings is not yet clear. Undoubtedly considerable attention will be paid to improving British-American relations.

That the talks will get the Southeast Asia security pact efforts off dead center seems beyond question at this time. Britain has been one of the keys to progress almost from the moment that Dulles proposed on March 29 that United action should be taken to stop the Communist tide.

The British government then decided to stake its interest on negotiations with Russia and Communist China at the Geneva conference in the hope that the war in Indochina could thereby be quickly stopped.

Britain promised to explore the possibilities of forming a Southeast Asia alliance but only after the outcome at Geneva was clear.

While in the community, he is residing with Mr. and Mrs. William J. Yingling, 24 E. King St. Mr. Showalter, a resident of Wisconsin, will return to the seminary in September.

Sumbury is a particularly fitting location for such exhibits. Cadzow said, because it has long been a transportation center. The Pennsylvania Canal once ran through the area, juncture of the north and west branches of the Susquehanna River.

The Hunter Mansion was built in 1852 by Capt. Samuel Hunter, grandson of Col. Samuel Hunter, who governed Northumberland County from old Fort Augusta during Revolutionary War years.

The Fort Augusta replica, although on State Museum and Historical Commission property, was built from subscriptions of Sumbury business men.

Korean War Veteran Is Seriously Injured

BETHLEHEM, Pa. (AP)—A 24-year-old Korean War veteran working as a train crew member was seriously injured when his freight collided with another and tossed him under the wheels.

Doctors at St. Luke's Hospital said Copeland Hughes, Jr., of Pen Argyl, Pa., lost both legs in the accident on the Lehigh and New England Railroad tracks 20 miles northeast of Bethlehem yesterday.

Railroad officials said Hughes, who has been out of the Army only two months, was riding the last car of an 18-car freight train when it collided with a 16-car freight in a heavy fog.

Doctors said Hughes' condition was critical because of loss of blood.

What is known to American railroads as a tie is called a "sleeper" in Great Britain and her former colonies, and that difference in nomenclature caused trouble recently for two Asian editors. A Pakistani newspaper recently retracted a story attacking the United States for sending loud neckties to their country when the "ties" were found to be destined for new railroad tracks; not Pakistani necks.

Conversely, the editor of a South Indian daily apologized to his readers for printing a story about 200,000 persons being swept down the flooded Chenab River in Kashmir. He explained that the "sleepers" turned out to be crossties, not sleeping persons.

Hank Thompson Wins Ball Game And \$100 With 3-Run Homer In Ninth To Put Giants In Lead

By BEN PHLEGAR
AP Sports Writer

If Leo Durocher's bank balance holds out there's no telling what heights the New York Giants may reach this season.

Leo's personal investment in the rapid rise of the Giants mounted to \$200 today as he hauled out his checkbook and paid off Bill Taylor and Hank Thompson.

Taylor got his hundred for a home run in Milwaukee last Thursday, the only run in a 10-inning victory that moved the Giants into a first-place tie with Brooklyn.

3-Run Homer Wins

Thompson got into the act last night with a three-run homer after two were out in ninth. It gave the Giants a 5-3 victory over Cincinnati and sole possession of first place.

The Giants went into the last of the ninth against Cincinnati trailing 3-2. Wes Westrum walked to open the inning. Hoot Evers popped out and Whitey Lockman also walked. Al Dark, who had collected three hits, was retired. Then lefty Jackie Collum was brought on to face the left-handed-hitting Thompson.

As Hank ran the count to 2-0 Durocher turned to the bench and said: "If he hits one I'll give him a hundred too."

Indians Win Again

The Giants knew from the seventh inning on that Brooklyn had lost to Milwaukee 7-6, meaning that first place was theirs if they could beat the Reds. Milwaukee took third place as Philadelphia bowed to St. Louis 3-1.

In the American League Cleveland stretched its lead to three games over the Chicago White Sox by whipping Washington 9-3. The White Sox fell to the Philadelphia Athletics 11-4. New York defeated Baltimore 6-4 and Detroit dined Boston 4-1.

The Dodgers, who lost only 17 games at home all last season, dropped No. 11 last night to the Braves, who combed three Brooklyn pitchers for 14 hits and put together four singles in the eighth for the tying and winning runs.

Rosen In Action

Vic Raschi scattered six Philadelphia hits in winning his sixth game for the Cardinals. He singled in the third in front of a home run by Rip Repulski.

Cleveland's sixth straight victory featured the return to limited action of Al Rosen. The heavy-hitting first baseman, who has been sidelined since June 4 with a fractured finger, appeared in the eighth inning against Washington as a pinch hitter and unloaded a three-run double. The hit helped Art Houtteman post his sixth victory.

Red Sox Lose Eighth

The suddenly ferocious Athletics won their fifth in a row. Bill Wilson, White Sox property until last week, homered in the fifth. Bill Benna hit a two-run homer in the sixth off Don Johnson. Jim Finigan led the 14-hit assault with a double, a triple and a pair of singles.

The Yankees wrapped up their victory at Baltimore with four runs in the fifth. Three came on a homer by Joe Collins.

The Red Sox showed they can lose on the road as well as at home. They dropped their eighth straight as Steve Gromek beat them on seven hits.

TRIBE LOOKS TO PAWLOSKI TO FILL GAP

FT. LEE, Va. (AP)—Stan Pawloski, a fancy-fielding young fellow with no previous major league experience, could be just what the doctor ordered to cure the second base ills of the Cleveland Indians.

A star for two years with Ft. Lee's powerful Army team, Pawloski was due to report in Cleveland today for a chance to show he can fill in for Bob Avila, the American League's leading hitter, and Avila's understudy, Sam Dente, both sidelined with injuries.

Although Pawloski won't be 22 until September, he's put in four years in the minor leagues and two years at Ft. Lee, from which he now is on 30 days' terminal leave before being separated from service July 29.

He broke into organized ball at the age of 17 with Stroudsburg of the Class C North Atlantic League, where he hit .329.

Led Eastern Loop

He caught the eye of Cleveland Manager Al Lopez and General Manager Hank Greenberg when he topped the Class A Eastern League second basemen in fielding with .991 at Reading in 1952. Among those he out-fielded that season was Frank Bolling, now regular second baseman for Detroit. His batting average was .271.

In two seasons at Ft. Lee, in which the Army club has won 107 games and lost only 12, Pawloski batted .346 with 108 runs batted in for 111 games. He has hit .412 this spring with 38 runs batted in for 36 games.

Although a good hitter at Ft. Lee, Pawloski drew most of his raves for his fielding. He was rated one of the fanciest glove men in service baseball, particularly in the art of pivoting on double plays.

BOROS HOPES TO BEAT HOGAN

SPRINGFIELD, N.J. (AP)—In a grin, tight-lipped way the only golfer who has beaten out Ben Hogan for the national open championship in six years, gives out the idea that he can do it again in the 1954 tournament, which starts tomorrow.

He is big, Indian-faced Julius Boros, who won the 1952 open at Dallas. Hogan finished third that year.

Boros, an "unknown" in 1952 when he won both the open and the Tam O'Shanter World Championship, remained almost an "unknown" when he didn't win another tournament for a year and a half. But here he seems to be one of the few golfers who isn't scared a little by Hogan's reputation and Ben's repeated forecasts of a low scoring tournament.

Big "Jay" agrees with the majority opinion that the tree-bordered, 7,027-yard Baltusrol lower course is tough and that there won't be any record-breaking scores.

PHILLIES SELL DREWS TO REDS

NEW YORK (AP)—A number of the major league baseball clubs may have had ideas for adding strength but they didn't, do anything about it before the midnight deadline for trading players passed last night.

The only deal made on the (final day) was the sale of pitcher Karl Drews by the Philadelphia Phillies to the Cincinnati Reds for an undisclosed amount of cash. The New York Giants, however, sent catcher Ebba St. Claire out on option to their Minneapolis farm in the American Association.

From now on no player can be traded or sold until every other club in the league has had a chance to buy him at the waiver price of \$10,000. And if both leagues are involved, the waivers must be obtained from all clubs in both circuits.

TED MAY JOIN CLUB THIS WEEK

BOSTON (AP)—The latest report on Ted Williams' condition is that he may join his Boston Red Sox teammates in Cleveland this week-end.

Williams has been sidelined since June 5 with a virus infection which was reported by Dr. Timothy Lamphier as bordering on pneumonia. As a result he was left behind when Boston flew westward Monday night for Detroit and the start of a western swing.

After examining Ted late yesterday Dr. Lamphier said: "Williams' condition is the same as Monday. He's still weak and unable to leave his room."

"We have hopes that Ted will be able to join his teammates in Cleveland this week-end," Dr. Lamphier added. "He has been using exercises to strengthen his hand and arm muscles while awaiting return to action. In all probability, he will fly to Cleveland late this week."

Williams suffered a broken collarbone on the opening day of spring training and was unable to get into the lineup until May 15.

ROCKY AND EZ SWEATING OUT FINAL HOURS BEFORE FIGHT

NEW YORK (AP)—The long, hard months of training were over. Now the hours grew longer for heavyweight champion Rocky Marciano and challenger Ezzard Charles as they sweated out the mental torture of waiting for the opening bell at Yankee Stadium Thursday night.

This is a bad time—the waiting—for most fighters. And most observers feel that it will affect the boxer—Charles—more than the slugging Marciano.

"It's the long ride to the stadium the night of the fight that gets the boxers," said Marshall Miles, who managed the great Joe Louis and saw many of the bomber's opponents freeze before the battle. "They die on that ride."

Miles picked Rocky in 10 or less "Charles probably will lead for seven or eight rounds," said Miles, "and then Rocky will connect just like Joe used to do."

Odds On Rocky

The odds are 1-2 that undefeated Rocky will make the former champion from Cincinnati his 41st kayo victim. On the fight itself, the 29-year-old Brockton Bruiser held firm as a 1-3½ choice. It was 5-1 against Charles scoring a knockout.

Both gladiators were due to leave their Catskill Mountain training camps late today. Charles, who boxed a final four rounds yesterday, planned to leave Monticello by car at 5 p.m.

Rocky, who did some road work and calisthenics Tuesday, will take a helicopter ride from Grossinger, N. Y., to Newark, N. J., about 2:30 p.m. Then the fights will go into seclusion until the noon weigh-in Thursday.

Although there was a forecast of warm and humid weather and possible thundershowers for Thursday, promoter Jim Norris reported a brisk ticket sale.

He said there was \$300,000 in the till and that he expected it to go up to the stadium Thursday night with between \$350,000 and \$400,000. He held to his prediction of a \$500,000 gate "or more" with a break in the weather.

The fighters will share in another \$190,000 or so from the coast-to-coast theater - television and \$35,000 from the network radio broadcast.

There will be no home television of the 9:30 p.m. (EST) 15-rounder. A canvas cover will be hung over the ring in case of a drizzle late Thursday night.

In the event of a weather postponement, the bout will be held the following Thursday.

Onetime Small Bore Champ Dies At 102

ORIOLE, Pa. (AP)—William Finley Dean, whose father lived to be 106, is dead at 102.

The onetime national small bore rifle champion died at his son's home here in Lycoming County last night.

A native of Ironton, Ohio, Dean was editor of a newspaper in Gratton, W. Va., for several years shortly after the Civil War. He left the newspaper to work with his father, William Washington Dean, in heavy timber construction.

At one time he lost a 40-game checkers match to Hugh Henderson, then the U.S. champion. The pair played 39 games to a draw.

He died at the residence of his son, the Rev. J. W. Dean, Presbyterian minister. He is survived by his son, a daughter, nine grandchildren and three great-grandchildren.

List Title Race At Lincoln Speedway

Lincoln Speedway, near Abbottstown, will be the scene of the big 35 lap Tri-State Championship sportsman model stock car race this Friday evening, under the sanction of the Penn-Mar Racing Association. The Tri-State champion will receive a large trophy. There will be no advance in admission prices for this big event on the half-mile oval located near New Oxford, Pa.

Fred Jones of York, who has been having a lot of tough luck recently, switched cars last Friday and came home first in the feature event. He flashed across the finish line ahead of Jim Patterson of Oxford. Bud Hamilton of Rising Sun took show money and New Oxford's Hilly Rife finished in the number four spot.

Such outstanding drivers as Walt Ragan of Lancaster, Vic Nauman Jr. of Elizabethtown, Bobby Abel, the Wrightsville dandy, and Jerry Benjamin of Rising Sun will all be on hand to try to cop the Tri-State championship this Friday.

Giants vs. Tigers, 6:15 p.m.

The Cubs pulled up to an even record in the Little League standings by downing the Yankees 13-5 Tuesday evening.

The Cubs drew first blood in the initial frame when they pushed across two runs. With one out, Greg Maitland walked and scored on Ron Stokes' double to left. Gary Maitland and Sprankle received free passes and Stokes raced over the plate on a wild pitch. The Yankees tied the score up in their half of the second. Bob Furney walked, stole to second on a passed ball, went third while McClellan was taking first on four balls, and finally scored on another wild pitch. McClellan then tallied on an infield miscue.

In the third the Cubs pulled out in front to stay as Gary Maitland singled, went to second on a wild pitch, continued to third on a long fly to right, and came home on another infield error. In the fourth the Cubs tallied four runs. A walk to Hartley, a sacrifice by Greg Maitland, three infield errors putting Stokes, Maitland and Sprankle on base, and a single by Sprecher accounted for all the scoring. For security measures the Cubs added two in the fifth and four more in the sixth. There were two big blows in all the scoring of those two frames. Stokes lashed out a long triple and Gary Maitland uncorked a double to left-center.

In the Yanks' half of the fifth three runs crossed the plate. Errors put Fissel and Nichols on and Riddemose stepped up to the plate and slammed the first pitch into deep center field for a home run, driving in the free runs.

Gary Maitland, who struck out 12, walked three and gave up seven hits, received the win while Richardson, who was relieved in the fifth by McClellan, was tagged with the loss.

Gary Maitland of the Cubs and Joel Riddemose each collected three hits.

Eastern League

By THE ASSOCIATED PRESS
The first division standings in the Eastern League were tighter than a Scotsman's purse strings today, thanks to the Allentown Redbirds and Schenectady's Blue Jays.

The host Redbirds last night converted four hits into a 4-3 triumph over first-place Elmira. The Pioneers collected eight hits, all singles.

Meanwhile, the Blue Jays tripped the visiting, second-place Wilkes-Barre Barons, 6-1, to keep the Pennsylvanians a half-game out of first place. The Jays are in the cellar, 10½ games off the pace.

The Albany Senators invaded Williamsport and dumped the Grays, 3-1, behind the three-hit pitching of Jerry Casale, and a scheduled game at Binghamton between the Triplets and Reading's Indians was postponed because of rain.

Elmira and Wilkes-Barre are followed in order in the standings by Reading, a game-and-a-half behind, and Allentown, three games out. Fifth-place Albany trails the Pioneers by three-and-a-half.

Kinter And Grove, Inc., Will Have Formal Opening Of New Addition Three Days This Week

Kinter and Grove, Inc., established as a Dillsburg feed manufacturer and distributor since 1938, will celebrate the completion of an addition to its plant and installation of new machinery at a "grand opening" Thursday, Friday, and Saturday.

Construction of the two-story, 50 by 30-foot annex will bring total operating area of the remodeled plant to 218 by 30 feet. Lloyd L. Kinter, manager and owner, said today. The plant is the largest of its type in this section of Pennsylvania.

Specially designed equipment—specifically, a new pellet machine, a crumbler, gyro sifter, magnet, and a 20 H.P. steam boiler—will push the concern's feed manufacturing capability to near 100 tons per day. The new addition will increase grain storage capacity to 7,000 bushels.

Special Gifts

During the three-day combination "grand opening-open house," Kinter and Grove said they will distribute special gifts to all who visit the building. Plant and office hours, Kinter said, will continue daily from 7 a.m. to 5 p.m., and Saturday from 7 a.m. to 12 o'clock noon.

The Dillsburg mixed-feed corporation, located in the building which formerly housed a Pennsylvania Railroad station, deals in a complete line of Master-Mix, and Beacon feed, in addition to its own K and G brand, for poultry and dairy animals.

The feed concern has nine employees, including Kinter, Clyde M. Grove, one of the two founding partners, died in 1951.

The employees—all Dillsburg residents—are: William Cromer, assistant manager; John Trostle, sales and service man; Melvin Grove, mill foreman; Joyce Fortney, bookkeeper; Maurice Coulson; Charles Wonders; Jay Mumper; and James Biller. Trostle has been a member of the firm for the past 16 years; Coulson, 15 years, and Grove, 14 years.

The partnership was formed when Kinter, an ex-feed merchant, and Grove, a York County farmer, combined to rent the Dillsburg station from the Pennsylvania Railroad.

The partners converted the station into a warehouse, and in the spring of 1938 placed a grinder and mixer into a 50 by 30-foot addition to the end of the station. In 1941, another 50-foot partition was added and in 1943 Kinter and Grove entered a farm machinery side-branch to their line of feeds. This service was, however, discontinued in 1951.

Letters of incorporation were granted in 1947.

In January, 1952, the railroad sold the station, but under a proviso that Kinter and Grove agree to construct a small nearby station house. The owners immediately remodeled the mill and added enlarged and modern offices and showroom.

FAILURES UP IN RADIO AND TV

CHICAGO (AP)—A Hatboro, Pa., economist reports that there were more than twice as many business failures in the radio, electronics and television manufacturing field in the 12 months preceding May 31 than in any other period.

But, H. A. Pope declared yesterday, "It would not be realistic

to conclude lower sales were the fundamental reason" for these failures.

Speaking at a meeting of the annual convention of the Radio-Electronics-Television Manufacturers Assn., Pope said 33 companies failed in the last 12 months compared with 16 in the preceding period.

"Most had been doing a volume out of proportion to working capital," he said, "had high fixed expenses, such as rent and interest, which could not be cut back and had accumulated inventory excess-

sive in terms of sales."

Pope is chairman of the association's credit committee.

OPPENHEIMER'S FUTURE AWAITS A.E.C. DECISION

By JAMES MARLOW

WASHINGTON (AP)—The life of Dr. J. Robert Oppenheimer, the atomic scientist, will be marked and lonely if the Atomic Energy Commission decides his government can no longer trust him with secrets.

The 50-year-old Oppenheimer directed the original A-bomb development. The AEC said yesterday it will rule this month whether he may be trusted with secrets in the future.

This is his unfolding story: Oppenheimer directed the A-bomb from 1942 until the war ended in 1945. From 1947 he has been one of a group of scientists advising the AEC on atomic problems, with access to the most delicate secrets.

One of the most important pieces of advice the government asked him for—this was in 1949—was whether the United States should go all-out in making the H-bomb.

Opposed H-Bomb

He was against the all-out idea, as were many other scientists and some members of the AEC itself. On Jan. 31, 1950, former President Truman ordered all-out work on the H-bomb.

Oppenheimer was investigated by the government when Truman set up his program for checking on the loyalty of government employees.

Then on April 27, 1953, President Eisenhower issued an order calling upon every department head to review every case in which there had

been a full FBI field investigation, as there was in Oppenheimer's case.

On July 7, 1953, four days after Eisenhower had made him chairman of the five-man AEC, Lewis L. Strauss ordered a review of Oppenheimer to see whether he was a security risk.

Early in December 1953, Strauss took to Eisenhower all the information the AEC had on Oppenheimer. The President ordered a "blank wall" to be placed between Oppenheimer and secret information.

Can't Be Trusted

On Dec. 23, 1953, Strauss told Oppenheimer he could resign his advisory job with the AEC or ask for hearings. The only way Oppenheimer could clear his name was to ask for a hearing. He did.

Hearings began April 23. A three-man board heard over half a million words of testimony from Oppenheimer and a parade of scientists and others who knew him and read 3,000 pages of information on the AEC files.

The three members found Oppenheimer a loyal American and discreet but, by 2-1 vote, decided he shouldn't be trusted with secrets. The hearings were made public last night.

Oppenheimer's lawyers appealed to the full five-man AEC to review the findings of the board and reverse them.

Denies Mother Told Him To Kill Father

EASTON, Pa. (AP)—The 13-year-old son of Mrs. Dorothy Mae Cuddy has denied that his mother directed him to fire the shot which fatally wounded his state trooper father last March 14.

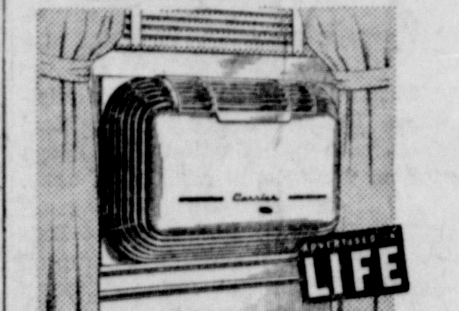

David Cuddy appeared on the witness stand in Northampton County Court yesterday in his mother's trial on charges of murder in the death of her husband and of corrupting the morals of her son by persuading him to shoot his father.

The youngster told the jury that the shooting followed a day-long argument between his parents, but on cross-examination gave a flat "No" reply to questions whether his mother shot his father or told him to do the shooting.

HOSE COMPANY MAKES REPORT

On June 25 and 26 the Citizens Hose Company No. 1 of Dillsburg, will hold their annual two day carnival and festival. Recently the company issued the following annual Financial Progress Report: On June 24, 1950, when the Community Memorial Building was dedicated, total indebtedness amounted to \$66,032.16, with amounts paid out \$34,437.56, leaving a remaining debt of \$31,594.60. Additional improvements increased the original indebtedness to \$80,000.00. With \$73,500.00 repaid, the total current debt is \$6,500. Since June 1, 1949, when the initial ground was broken for the new fire house and Community Memorial Hall, the debt has been reduced by \$73,500, which was more than the original cost of the project. REDS REPORT TWO MORE U.S. SPIES CAUGHT

By STANLEY JOHNSON
MOSCOW (AP)—Izvestia told the story today of two displaced Russians it said were dropped as American spies in Soviet territory. The government organ said the men repented, confessed all to the government and "the Soviet people returned them to their ranks from the abyss."

The account appeared significant since it followed a report Sunday in Pravda that two other alleged American spies had been given "relatively mild" 25-year sentences in a "corrective labor camp" instead of death sentences.

Izvestia identified the two new repentants as N. Yakuta and M. Kudryavtsev and gave this account of their activities:

Recruited in Germany
They were recruited in Germany and trained at an American intelligence school located at 57 Kaiser Friedrich Promenade, in the resort of Bad Homburg.

Later, they were taken to Greece, flown in an old bomber without markings and parachuted into Soviet territory.

Their mission was to mobilize other agents, write anonymous letters discrediting prominent

\$150,000 Blaze In York-Shipley Plant

YORK, Pa. (AP)—Fire swept through the manufacturing plant of York-Shipley, Inc., Tuesday causing damage estimated at \$150,000 by D. J. Norbeck, plant manager. The plant for manufacture of oil burners and heating equipment was housed in two sheet iron quonset huts, 80 by 100 feet, about two miles east of York.

The fire of undetermined origin was brought under control after firemen fought it for two hours. A shortage of water handicapped firemen.

Two firemen were injured. Levern Sprangler, 27, stepped on a nail and was treated at York Hospital. John Reichard, 50, was treated at the scene for a cut on the hand.

KILLED IN CRASH

GRAVENHURST, Ont. (AP)—Jim Myers, former high school football coach in Beaver Falls, Pa., was killed on Monday and a woman companion injured when Myers' car collided with a transport truck that jackknifed on the road in front of it, police said.

The woman, Mrs. Gladys Mahaffey, described as a young widow,

members of the Communist party and public figure, and killed Soviet citizens in order to obtain their identification papers for other spies.

GIRL GRAD IS DEAD IN CRASH

WILLIAMSPORT, Pa. (AP)—Lorraine Haines, 17, graduated from Williamsport High Friday night, was killed and two persons seriously injured when an auto struck two pedestrians on a narrow dirt road on the edge of Williamsport.

State police of the Montoursville barracks said the driver of the car, John G. Lomison, 33, of Williamsport, had passed his driver's examination Monday.

The accident occurred on Monday as Miss Haines and a friend, Elbert Williams, 19, of Muncy, were walking toward her home carrying ice cream and soft drinks. They were hit just 150 yards from the Haines home.

Lomison is in Williamsport hospital with a possible fractured skull and cuts and bruises. Williams is hospitalized with a fractured skull and leg injuries. Both are reported in serious condition.

ow, was admitted to hospital in Bracebridge, about 12 miles north of this Muskoka district community 100 miles north of Toronto. Hospital officials said her condition is not serious.

Churchill And Eden Are Coming To U.S.

WASHINGTON (AP)—Prime Minister Churchill and Foreign Secretary Anthony Eden of Britain are coming to Washington on the weekend of June 25 for talks with President Eisenhower.

The President extended the invitation several weeks ago.

Presidential Press Secretary James C. Hagerty, telling newsmen about their visit today, said it will be "an informal meeting between the President and his two friends" without any formal agenda.

Hagerty said "many things, a lot of things," will be discussed. The meeting comes at a time when Great Britain and the United States, powerful allies in World War II, no longer see eye to eye on various aspects of foreign policy and the effort to check communism.

T. A. CRICHTON, EX-JUDGE, DIES

WELLSBORO, P. (AP)—Former Judge Thomas A. Crichton, 78, who held two state offices before being elected to the Tioga County bench in 1933, died Tuesday at his home.

He had retired from the bench four years ago because of failing health. Judge Crichton served a full 10-year term and was re-elected in 1943 to another term.

Since leaving the bench he had engaged in private law practice as a member of the firm of Crichton, Owlett, Cox and Wilcox, the same firm in which G. Mason Owlett, Republican national committee man, holds membership.

A native of Morris Twp., Tioga County, he served as cashier of the State Treasury Department in Harrisburg and also as deputy auditor general.

He was admitted to the bar in 1903 and made his home in Wellsboro.

Judge Crichton is survived by his widow, Mrs. Carmen Crichton; a daughter, Mrs. Harold Yahn, Corning, N.Y.; and two sisters, Mrs. Albert E. Wetmore, Glenside,

YOUNG SLAYER FACES TRIAL IN SHOOTING

DELAND, Fla. (AP)—The case against 16-year-old Anthony Figard Jr., accused of the slaying of a special officer at the Daytona Beach Detention Home, has been certified to Circuit Court by County Judge Robert H. Wingfield.

Young Figard's mother, Mrs. Evelyn Figard of Robertsdale, Pa., told the judge Monday that her son would be 17 years old Tuesday.

The court waived jurisdiction under a statute which provides for such action in cases where the accused is more than 16 and there is reasonable cause to believe he has committed an offense which would be prosecuted as a capital crime were he an adult.

Shot Officers
Figard is charged with fatally shooting Special Officer George K.

Pa.; and Mrs. Festus Foster, Springfield, Mass.

Funeral services and burial will be Thursday in Wellsboro.

Red Paint, Not Blood On Accident Victim

PHILADELPHIA (AP)—A truck and

a station wagon collided in West Philadelphia yesterday.

After some effort, police pulled truck driver Clarence Feltz, 49, from the wreckage and noted his face was covered with what appeared to be a great quantity of blood.

Feltz quickly put their fears to rest. The red fluid on his face was paint used in his sign business.

DECLARES GOP WILL LEVY THREE CENT SALES TAX

PHILADELPHIA (AP)—State Sen. George M. Leader, Democratic gubernatorial candidate, has predicted a three per cent sales tax by 1957 if the Republicans retain control of the state government.

In a speech before the Locust Club yesterday, Leader noted that present returns from the sales tax have fallen nearly 20 million dollars short of estimates.

"As a result of this situation,"

Leader declared, "if the Republicans win this year we can look forward to the 1955 legislature boosting the sales tax to two per cent and an increase to three per cent in 1957."

A solution to the sales tax, he said, is to have "more production in Pennsylvania, which will result in more revenue from existing taxes."

He called for the presentation of a long range program by the commonwealth instead of "solving problems on a day-to-day basis."

If this is not done, Leader stated, "ghost towns" will become prevalent in Pennsylvania, especially in the anthracite regions.

At least 50 U.S. crops depend on insects for pollination.

Offer Policy Bill On River Basins

WASHINGTON (AP)—Sens. Martin (R-Pa.) and Butler (R-Neb.) have introduced legislation setting forth in general terms a policy under which the federal and state governments would work together in the development of the nation's

river basins.

The bill was offered yesterday at the request of the National Water Conservation Conference, an organization of state and local agencies and private groups.

Martin said he and Butler did not necessarily endorse all its provisions but offered it to stimulate interest and discussion on the subject.

In teen talk that means her home has a fine line, or better still, a line where everyone gets an equal chance to make and receive calls.

Summer vacation brings a sudden avalanche of extra telephone calls. Parents of young people report a constant ringing in their ears... caused, we suppose, by increased telephone activity at home.

With proper courtesy accompanying this increase, it proves once again that cooperation lets everybody get the most out of the biggest value of all... your telephone.
